Every Sunday, Guides will give you a to-do list of where to go and what to eat for the entire week

A new art exhibition at the Sofitel Dubai Downtown

Sofitel Dubai Downtown is hosting talented French artist, Benedicte Gimmonnet and her latest art exhibition, *Lineaments* on their first floor of the hotel. The *Lineaments* exhibition will showcase 15 visually stunning pieces of artwork that explore the power of light and the colour relativity in an abstract minimalist composition. The collection uses repetitions and infinite variations of shade, resulting in contrasted stripes that create a musical energy and become the heart of this series. *Lineaments* is based on abstract forms as Bénédicte Gimmonnet plays with the relationship between chance and control, intuitive gesture and formal composition, enticing the viewer to pause and contemplate, as well as alluring them for a closer inspection.
